Prodevans Container Adoption Philosophy

Fly "Hundreds"

Migrate at scale
- Path to Production highly optimised with automation and self-service
- High volumes of high-velocity migrations
- Compelling ROI realised

Run "Tens"

Migrate them Right
Using next candidates, iterate improvements to Path to Production
- Additional Go-Lives exhibit progressive improvements
- Path to Production evolving with How-To Guides, Patterns, Code Samples, Improved processes, Automation
- Comparative metrics and ROI emerging

Walk "Ones"

Migrate the right things
Carefully selected application candidates
- First Go-Lives (un-optimized)
- Baselined Path to Production
- Initial metrics

Migration Ability = Supportability + Reliability + Consumability + Repeatability + Scalability
